About the Alberta Caregiving Institute

- Alberta Caregiving Institute is a leading centre of dedicated educators leading students in the hybrid model of learning for over a decade. The education aims to stretch the student's mind, broaden their experiences, and prepare them for their career and productive lives.

Our Vision

- We envision a community of students and educators engaged in a learning pursuit that maximizes academic potentials of students and a life time of learning for the community. A teaching centre for reflective practice.

Our Mission

- The Alberta Caregiving Institute operates with the aim of preparing and training students to meet the challenges of the current caring environment in the province of Alberta.

The Alberta Caregiving Institute Experience

The Alberta Caregiving Institute presents student focused education through student outreach programs, adult education, graduate employment assistance and future follow up to discuss graduates' educational experience with the Alberta Caregiving Institute.
